## **iTEC** Guide

# Portfolio Refresh - iTEC Guide

As a market leading specialist Awarding Organisation in the services to people sectors, everything we do is focused on ensuring that learners have the required skills, knowledge and behaviours needed to gain a rewarding and fairly paid job of their choice.

Over the last year, we have reviewed our portfolios of qualifications to ensure that our qualifications remain relevant in our ever-changing markets. As such we have consulted our industries through our centres, as well as our in-house subject matter experts, to understand how best to refresh our portfolios making it far easier for our centres to find the provision they require for their learners.

Whilst there are a number of key changes which you'll see in the new qualifications, the quality and rigour behind our qualifications hasn't changed. Please note that the qualifications listed here do not constitute the full portfolio. If your qualifications are not listed, they remain unchanged. The full list of qualifications can be found in the 19/20 Qualifications & Fees books published now.

This guide explains the changes that have been made and helps you understand what's on offer. For any questions please refer to the business development manager for your region. Details can be found [here](#).

## Changes to qualifications and what they mean:

1. **Refreshed qualification (batch 2)** – Qualifications that have undergone changes to ensure they meet the latest industry requirements. The qualification will be live and operational from the **1 October 2019**. Find out more about our refreshed qualifications below, along with the list of newly refreshed qualification titles (see Table 1 below)
2. **Replaced qualification (batch 2)** – Qualifications that have been identified as containing overlapping content with other qualifications, meaning they will be withdrawn and replaced by the most up to date and relevant qualification. These qualifications will be withdrawn on the **30 November 2019**, the qualifications' registration end date (see Table 2 below)
3. **Withdrawn qualification (batch 1)** – Qualifications that have been identified as having very low uptake, no longer valid within its content or no longer offers a direct line of sight to employment or further education. These qualifications will be withdrawn on **30 September 2019**, the qualifications' registration end date (see Table 3 below)

Once these changes start rolling out from 30 September 2019, it is imperative to follow the latest qualification and unit documentation available on the iTEC website.

## When is the registration deadline for qualifications being withdrawn?

All centres will need to have enrolled/registered their learners with iTEC before the qualification registration end dates, as above. After that date, registrations will only be able to be made against replacement qualification where applicable.

To ensure learners are supported throughout the withdrawal process, after the registration end date, there will be a period of time where learners can still complete the qualification and claim a certificate. This period of time before the certification end date will depend on the level of the qualification, which is listed below:

For qualifications withdrawn on 30 September 2019:

- Level 1 – 30 September 2020
- Level 2 – 30 September 2021
- Level 3 and above – 30 September 2022

For qualifications withdrawn on 30 November 2019:

- Level 1 – 30 November 2020
- Level 2 – 30 November 2021
- Level 3 and above – 30 November 2022

## How a qualification has been ‘refreshed’

All of our qualifications are now completely up to date to the industry standards and best practice. Our portfolio of qualifications is designed to prepare the learner to be ‘fit for purpose’ in the work place and thereby help them to secure a rewarding job.

### These changes may include:

- **Qualification Number (QN)** – All iTEC branded qualifications will have a new regulated Ofqual register Qualification Number
- **Product code** – All units and qualifications will have new product codes to help easily identify them. How these product codes are created can be seen in the supplement ‘Guide to Product Codes’
- **Title** – Some of the refreshed qualifications have had title amendments to ensure they are most representative of the qualification’s content
- **Unit content** – All units have undergone a technical review, updating the content to ensure they are mapped to industry standards
- **Assessment** – The method of assessment for your qualification may have changed to ensure each unit’s assessment criteria will be assessed by the most valid assessment method, as detailed in the new qualification and unit specifications
- **Grading** – To ensure validity of the qualifications, how some iTEC qualifications are graded has been refreshed. All graded mandatory units contribute to the overall grade. Optional units will not contribute to the overall qualification grade but the required number will still need to be passed to achieve the qualification where applicable
- **Documentation** – To better reflect the iTEC brand, all qualification and unit documentation has been refreshed to bring it in line with the enhanced identity. An example of new documentation will be an Achievement Record, which will be a requirement for each unit and ensures the validity of the qualification assessment
- **Terminology** – Some previous terminology has been updated, for example, unit specifications will take the place of unit syllabus, and internal assessment criteria, such as assignments, treatments evidence, and case studies will all be referred to under a portfolio of evidence

Once these changes start rolling out from 30 September 2019, it is imperative to follow the latest qualification and unit documentation available on the iTEC website.

The following qualifications have undergone updates to ensure they meet the latest industry requirements. The qualifications will be live and operational from the 1 October 2019. Find out more about our refreshed qualifications below, along with the list of newly refreshed qualification titles.

601/4429/4	ITEC Level 1 Certificate in Customer Service
100/2586/8	ITEC Level 3 Diploma in Red Vein Treatment (VRQ)

### When is the registration deadline for qualifications being withdrawn?

Batch 1 qualifications – 30 September 2019

Batch 2 qualifications – 30 November 2019

All centres will need to have enrolled/registered their learners with iTEC before the qualification registration end dates, as above. After that date, registrations will only be able to be made against replacement qualification where applicable.

To ensure learners are supported throughout the withdrawal process, after the registration end date, there will be a period of time where learners can still complete the qualification and claim a certificate. This period of time before the certification end date will depend on the level of the qualification, which is listed below:

For batch 1 qualifications:

- Level 1 – 30 September 2020
- Level 2 – 30 September 2021
- Level 3 and above – 30 September 2022

For batch 2 qualifications:

- Level 1 – 30 November 2020
- Level 2 – 30 November 2021
- Level 3 and above – 30 November 2022
